

U3A VALL DEL POP
DISCOUNTS

OPTICIANS

SPECSAVERS - JAVEA

The Corporate Offer exclusively for the U3A is as follows :

- Single Pair Discount of 30%
- This applies to the frame, lenses and any coatings from the 89 Euro frame range and above
- Example: A single pair of monofocal glasses(Distance, Reading or Intermediate) including standard index lenses, from the 89 Euro range would be discounted to 62.30 Euros complete, including the sight test and IVA
- Extras such as thinner lenses, "Ultraclear" coatings, "Reactions" etc would also attract the 30% discount

The 2-for-1 offer has always been our most popular offer with customers and of course the best value for the customer (if you compare the price per pair). This is not normally discounted as the terms are already very good. In this instance however, I have decided the offer the following terms for U3A members, on top of the 2-for-1 offer.

- 2-for-1 Offer, an extra 5% discount from the final bill
- This applies to the frames, lenses, and any coatings from the 89 Euro range and above
- The prescription must be the same in both pairs, eg 2 x reading, or 2 x distance
- Example. Two pairs of monofocal glasses, including standard index lenses, from the 89 Euro range would cost 84.55 Euros
- Extras such as thinner lenses, coatings, Varifocals, Bifocals, tints, etc would also attract the additional discount

Please note that all our frame prices include standard index 1.5 single vision lenses (standard thickness)

Please also note that the price includes a free British standard eye test included, and you are limited to one free test a year. Any additional tests within a 12 month period will attract a fee of 15 Euros.
