

THE TREASURER'S WOES

Christmas is coming and I really need a break

Somewhere warm and peaceful, a rest then I can take.

The members' fees are rolling in so a few quid won't be missed
I'm sure you won't really mind if it's used to get Brahms & List!

The Caribbean or Jamaica would be a good change of scene,
Unless one of you can suggest somewhere lovely that you have been,

A place that I can be waited on, and just lie back and relax,
And no folks, I **don't** mean a place where I can be sewing sacks!

I think you know that I only jest; your cash is safe with me,

I am not about to take-off on a carefree spending spree.

I'll stay at home with Carol to eat turkey and Christmas pud,
Perhaps just have two or three beers and really - try to be good.

With Carol plus our dog I will walk in the valley,
Watch the Queen's speech and other stuff on the telly,
But members don't you fear - I **will** have a good time

And your U3A money? I'll not spend a dime!

Now I wish all of you lots of Christmas Cheer

And a very Happy and Healthy New Year
